CESA #1

CESA #6

Presenter

Emily Rubin, MS, CCC-SLP

SCERTS® (Social Communication, Emotional Regulation, Transitional Support) is an innovative educational model for working with children with autism spectrum disorder (ASD) and their families. It provides specific guidelines for helping a child become a competent and confident social communicator, while preventing problem behaviors that interfere with learning and the development of relationships. It is also designed to help families, educators and therapists work cooperatively as a team, in a carefully coordinated manner, to maximize progress in supporting a child.
