**Emily Rubin, MS, CCC-SLP**  
Director, Communication Crossroads  
Lecturer, Yale University School of Medicine, USA

*will be at Sunfield this Autumn to deliver 3 days on*

# The SCERTS Model:

A Comprehensive, Multidisciplinary Educational Curriculum  
for Children with Autism Spectrum Disorders

**AN INTRODUCTION – 14 Oct 2009 – £95.00**

**2 DAY ASSESSMENT TRAINING – 15 & 16 Oct 2009 - £180.00**

OR

**ATTEND ALL 3 DAYS FOR £250.00**

### **AN INTRODUCTION TO THE SCERTS MODEL** **14 October 2009**

This course will provide an introduction to the SCERTS model, a comprehensive, multidisciplinary educational approach designed for children with Autism Spectrum Disorders (ASD) and their families. The model was designed to provide guidelines for helping children progress through the stages of becoming a competent social communicator. It was also designed to provide families and educational teams with the help they may need to feel successful in supporting the child.

### **SCERTS ASSESSMENT TRAINING – 2 DAYS** **15 & 16 October 2009**

*It is useful to have attended an Introductory Day prior to attendance on the 2 day course*

This 2-day course will provide specific guidelines for administering the SCERTS Assessment Process (SAP), a curriculum-based assessment designed to pinpoint those areas of development that support a child's social and communicative competence. Using video case studies, you will learn how this assessment tool facilitates the implementation of the SCERTS model, a comprehensive, multidisciplinary educational approach designed for children with Autism Spectrum Disorders (ASD).
