High Functioning Autism & Asperger's Syndrome; Addressing Social Communicative Competence

March 3, 2009
6:15pm to 9:15pm

Presented by Emily Rubin, MS, CCC-SLP

This lecture will begin with a review of the core social and communicative challenges faced by children and adolescents with Asperger's Syndrome, High Functioning Autism, and related social disabilities as well as our current understanding of the learning style differences that differentiate these disorders. Next, essential components of a comprehensive educational program will be discussed. Examples of practical learning supports designed to address social communication and emotional regulation will be illustrated through video reviews.
